☺ **MRS FROST-BRIGGS' WALL OF JOY!** ☺

I asked some staff how the second week had been going... look at what they said and how well you are doing!
We're so proud of you!

DAY 7

I've really enjoyed teaching all my classes since we came back in September. I'm especially impressed by the enthusiasm of my year 8s and their ability to distract me from the lesson with numerous unrelated science questions. I am however concerned about their food knowledge, as at the time of writing I've asked them to bring in fruit to make batteries and have so far been given a carrot and a potato!

Mr Murray

Now that I have met all of my classes I am impressed with how well everyone has adapted to our "new normal"

Mr Henderson

My 10B2 class is proving to be a delight to teach. They have come back from summer with a new sense of maturity and are working really hard and tackling the work with a new sense of motivation.

I'm very impressed, keep up the good work! **Miss Cottee**

And today in pet corner...

DAY 7

This is Bear and Buddy, they were my lock down besties. They are a bit naughty now I am back at work. Last week I got home to Bear crying. She had managed to get on top of the kitchen wall cupboards. She usefully knocked most of the items that are stored up there onto the floor, (her favourite game) and then got stuck. Hopefully, not for too long. Buddy likes to help with the shopping. By help, I mean he opens bread items and steals them. Or just takes little mouthfuls because he can't open the packet properly. Last night victim was the cheese muffins. He couldn't open the packet. **Miss Taylor**

Each of your Year Performance Leaders has done a slide of news for their year group...

YEAR 7

Well done on completing your first two weeks at Kimberley School! It is clear that you have settled and are showing your teachers how good you are with the effort being put into your lessons. I hope to see this continue over the term!

Work hard, put maximum effort, and have a good attitude. Most importantly never give up.
