### Coronavirus

The Government and the NHS are well prepared to deal with the virus.

There is no reason why you should not continue to attend school or carry on with your normal life outside of school.

However, **you** can help too: Germs can live on some surfaces for hours.

### To protect yourselves and others:

- Always carry tissues with you and use them to catch your cough or sneeze
- Bin the tissue
- Kill the germs by washing your hands with soap and water or use sanitiser gel

The cleaners have been asked to ensure that soap dispensers in the toilets are well stocked. However, if you do come across any empty dispensers please do tell a member of staff.

### Traffic Caution – Newdigate Street

The council have introduced parking restrictions on Newdigate Street.

This will mean that there will be a significant increase in the speed of traffic outside school.

Please be aware of this on your journey to and from school and make sure that you keep yourself safe.

Please exercise real caution as you cross the road and as you walk on pavements outside of school.
